

How EZ Drain Works

Rainwater collects in the middle of the cover and flows out the drain basin to the external drain hose.

WILL AN EZ DRAIN™ COVER WORK ON YOUR POOL?

1

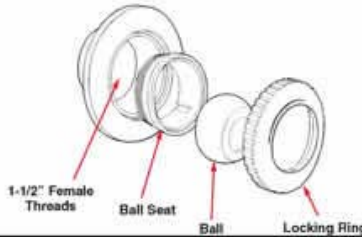

- ✓ Please note that the **EZ Drain™ Cover** will not work on pools equipped with non-standard returns such as Doughboy, Lomart, Muskin and pools with Aqualuminator lighting systems.
- ✓ In order for your **EZ Drain™ Cover** to work correctly you must maintain normal water height in your pool during the winter.
- ✓ To avoid damaging your thru wall skimmer you must protect it with an **AQUADOR WINTERIZING COVER**. (This item is sold separately)

2

HOW TO CHECK IF YOUR THRU WALL RETURN FITTING IS COMPATIBLE WITH THE EZ DRAIN™ WINTER COVER SYSTEM

Remove Directional Return from Thru Wall Fitting. You should have 1-1/2" Female Threads.

3

CHECK THE HEIGHT OF YOUR RETURN FITTING

CONGRATULATIONS YOU CAN USE THE EZ DRAIN™ COVER SYSTEM
